

Name: _____

Class: _____

Date: _____

Name the following molecules using IUPAC nomenclature:

- Question 1: N-ethylethanamine
- Question 2: N,N-diethyl-2-butanamine
- Question 3: N-ethyl-N-methylmethanamide
- Question 4: 3-ethyl-1-pentanamine
- Question 5: N,N-dimethyl-2-methylbutanamide
- Question 6: 5-methylheptanamide
- Question 7: N-propylpropanamide
- Question 8: 2,3,3-trimethyl-1-butanamine
- Question 9: 4-ethyl-3-hexanamine
- Question 10: 2-ethylpentanamide
- Question 11: N,N-dimethyl-3-methylbutanamide
- Question 12: N-ethyl-4-methyl-1-pentanamine
- Question 13: 2-methyl-3-hexanamine
- Question 14: 2-methyl-2-butanamine
- Question 15: N-methyl-2,3-dimethylpentanamide
- Question 16: N-ethyl-3-methyl-2-pentanamine
- Question 17: 3-methyl-2-hexanamine
- Question 18: N-methyl-N-propyl-2-methyl-2-propanamine
- Question 19: N-methyl-2-methylbutanamide
- Question 20: 4-methyl-3-pentanamine
- Question 21: N-propyl-N-methylbutanamide
- Question 22: 3,5-dimethyl-1-hexanamine
- Question 23: N-ethyl-2-methyl-1-butanamine
- Question 24: N-methyl-4,4-dimethyl-1-pentanamine
- Question 25: 3,5-dimethyl-3-hexanamine
